Mayor's Moment:
"What you share with the world is what keeps of you."
Lisa Saputo

Main Street Streetscape Project came to a close on Monday, April 26, with the official ribbon-cutting by Bogart Mayor and Council and other guests. Much appreciation goes to our former Mayor Terri Glenn for spearheading this project and to Councilman John Larkin who oversaw the project over several years. Carter & Sloope were the engineers, Garland Construction did the work, and Attorney Michael Pruett offered legal guidance throughout the process. NEGA Lawn Experts and Precision Landscape added the finishing touches. We are now on the Rosalyn Carter Butterfly Trail with butterfly gardens planted at both ends of Main Street. Each garden is encircled with benches from the Bogart High School. Benches for train-watching and to enjoy the gardens will be in place soon. **THANK YOU** to all of our Bogart citizens for your patience and understanding as we worked to improve our community.

Happy Mother's Day

young and old!
