**Agenda Items:**

**Repair needed at Bogart Community Center** - After Election Board inspection, the doors on the E. Thompson St side of the building were flagged as a security issue and must be rectified by the May elections. A special session was called to share bids and vote on repair. The most inexpensive option was to replace the doors. Southern Surplus will build for \$2020 and Carpenter Bees will install for \$1369 and will have this completed before elections.
