Bogart Mission Statement

Believe in Bogart is our felt message in promoting our City in everything we do. We will do this by providing citizens with excellence in all services. Our Leadership Team is committed to be fiscally responsible; to work in tandem with our County and neighboring governments; and to always demonstrate integrity and respect in carrying out our shared responsibilities. We will strive to behave in a manner that reflects the above values with being accountable to our Citizens whom we serve and to each other in promoting a team spirit for the betterment of our City.

HAPPY NEW YEAR!

NEWS ABOUT
OUR
COMMUNITY

from City Hall...

City Council will meet on Monday, January 4, at 7 pm. We welcome John Larkin and David Nunn to the council.

City Hall will be closed on Monday, January 18 for ML King holiday. Garbage pick-up will be Tuesday, January 19.

STORM WATER DRAIN CONCERNS

Washing Cars

When you wash your car on the driveway or in the street, all of the wash water runs down to a curb and into the nearest storm drain which leads right to a river or stream. If you must wash your vehicle, try to use products that do not harm the environment, and consider washing the vehicle on grass, gravel or a porous area in your yard that will absorb the water rather than carrying it to a storm drain.

Trash and Litter

Litter collects on top of drains causing potential flooding by not allowing water to enter the drain fast enough during a storm. When litter is washed into creeks and streams, it has harmful effects on the drinking water supply, on recreational water use, and on wildlife. Make sure your trash is properly disposed of and avoid littering. When you see trash and debris in your neighborhood, pick it up and dispose of it properly.

Rain Gardens

Every time it rains, fertilizers, pesticides, debris and other pollutants wash across lawns and driveways and down into the streets and into the nearest storm drain. From there these pollutants go directly into a river, lake or stream. A Rain Garden holds the water on the landscape so the water soaks into the ground instead of running into the storm drain. Information for making a rain garden can be found at

www.pierce.wsu.edu/Water_Quality/LID/Planting_the_raingarden.pdf

"Keep it Clean, Drains to Stream"

JANUARY IN BOGART

Bogart Junior Women's Club
