Please Schedule **Leaf & Limb Pick up** with City
Hall or Maintenance

Be a good Neighbor:

Pet Clean-up: Per the Code of Ordinances Section
30-106: Animals and Fowl are not permitted to be at
large to cause injury or annoyance. Please clean up
after your pets.

Fall is here!!

For leaf and limb pick up, contact City Hall or
Maintenance. Limbs must be stacked in a pile not to
exceed 6ft by 4ft deep. For leaf pick up, use a
biodegradable bag, and the city will pick up no more
than 3 bags per scheduled trip.

TextMyGov can keep you informed about
our meetings and events, trash and recycle
delays, and other news. It also provides
another easy access point to the newsletter.

Text "Bogart" to 91896 to enroll.

For News, Events, Resources and Services in our
Community please visit our website at

www.cityofbogart.com

Storm Water Drain Concerns

Washing Cars

When you wash your car on the driveway or in the
street, all of the wash water runs down to a curb and
into the nearest storm drain which leads right to a river
or stream. If you must wash your vehicle, try to use
products that do not harm the environment, and
consider washing the vehicle on grass, gravel, or a
porous area in your yard that will absorb the water
rather than carrying it to a storm drain.

Trash and Litter

Litter collects on top of drains causing potential
flooding by not allowing water to enter the drain fast
enough during a storm. When litter is washed into
creaks and streams, it has harmful effects on the
drinking water supply, on recreational water use and on
wild life. Make sure your trash is properly disposed of
and avoid littering. When you see trash and debris in
your neighborhood, pick it up and dispose of it properly.

Rain Gardens

Every time it rains, fertilizers, pesticides, debris and
other pollutants wash across lawns and driveways and
down into the streets and into the nearest storm drain.
From there these pollutants go directly into a river, lake
or stream. A rain garden holds the water on the
landscape so the water soaks into the ground instead of
running into the storm drain.
